Overall General Comments (please reflect on your preservice teacher's professional skills, pedagogical content knowledge, and his/her ability to take responsibility of student learning):	Amazing! Myranda will make a great teacher! She has so many awesome skills and traits! She was always present in meetings and giving insightful input. She was always working to prep and plan her lessons and days. When she fully took over the classroom, her classroom management was great. She took control of the classroom with ease and gained respect of the students. Her lessons were well thought out and she looked for videos or created presentations to introduce or support her lessons. When she did not know a lot about a concept, she made sure to research it, ask questions, and practice it before teaching about it. She always looked for feedback and reflected on her lessons. I always felt that my class was in good hands with her. She would work one on one with students who needed extra support. She held all students to their highest potential. I can't speak highly enough about how well Myranda did in her student teaching experience in my classroom. Her energy was amazing! She will be missed by my class and myself.
